Attorney Docket No.: ORIO/0005

Express Mail No.: EV416701347US

Claims:

1. A film transfer device comprising a plurality of film transfer sets each

comprising a delivery section for delivering a transfer tape with a film on a substrate

tape, a transfer head for pressing the transfer tape against a film-transferred surface

to transfer the film, and a windup section for winding up the transfer tape after

transfer, wherein the films from the transfer tapes of the plurality of sets can be

selectively transferred to the film-transferred surface.

2. The film transfer device according to claim 1, further comprising a main body

containing the plurality of film transfer sets wherein the transfer heads of the film

transfer sets are arranged at respective ends of the main body.

3. The film transfer device according to claim 2, wherein said plurality of film

transfer sets are arranged side by side substantially along an imaginary line joining

the opposite ends of the main body together.

4. The film transfer device according to claim 2, wherein said plurality of film

transfer sets are disposed so as to overlap each other in a direction perpendicular to

an imaginary line joining the opposite ends of the main body together.

5. The film transfer device according to claim 4, wherein the plurality of film

transfer sets comprises at least one reel, and said film transfer sets are arranged so

that reels of the different film transfer sets are adjacent to each other.

6. The film transfer device according to claim 2, wherein said plurality of film

transfer sets are arranged side by side along a direction perpendicular to an

imaginary line joining the opposite ends of the film transfer device main body

together.
